

Clothing, Shoes, Hats and Gents' Furnishings

IT'S sometimes embarrassing to have the flashlight suddenly turned on, when you don't expect it. But so far as the clothes

are concerned you needn't be ashamed to be seen anywhere wearing any of our

Hart Schaffner & Marx clothes; they'll make you presentable under any and all circumstances; clothes you can be proud of.

The new models, colors and patterns in suits are certainly fine; and we can show you some very smart models in blue and black suits.

Plenty of stunning ideas, too; all styles.

We handle other well known brands of clothes, and can please you in price and quality.
